

## Nominations for Community Outreach - Hope and Compassion Fund - 2026

Unity of East Louisville (UEL) collects monetary donations for the Hope and Compassion (H&C) fund once a month at Sunday service. This H&C fund is used for internal members who need assistance and for external organizations that have been selected as regular recipient(s).

The organizations that are currently selected are East Area Community Ministries (EACM), Maryhurst, and Numinous. The selection was first done in October 2022. The selection process was scheduled to be redone by the community every 3 years since changes may occur in our community directions/members or in the organization's operations. These relationships can continue if selected again as one of the choices made by UEL, or new local organizations can be considered for developing a cooperative relationship.

As the first step is the selection process, please enter one or more organizations (current or new) that you think would be good candidates. After collecting nominations for a few weeks, a ballot for voting will be created.
